PROFESSIONAL SUMMARY

MBA candidate at NYIT Vancouver with 3+ years of experience in project management, data analysis, AI-enabled marketing, and client-facing operations. Skilled in market research, advanced Excel reporting, project coordination, and stakeholder communication. Experienced in leveraging Gemini, Claude, Claude Code, and n8n to automate sales outreach, streamline CRM updates, prioritize leads, and optimize business workflows.

EDUCATION

New York Institute of Technology Jan 2026 - Mar 2027
Master of Business Administration, GPA: 3.8/4.0 *Vancouver, Canada*

Northeastern University Sep 2021 - Apr 2023
Master of Science in Project Management, GPA: 3.8 / 4.0 *San Jose, USA*

The NorthCap University Jul 2018 - Jun 2021
Bachelor of Business Administration, GPA: 3.0 / 4.0 *Gurgaon, India*

PROFESSIONAL EXPERIENCE

Nex3 Consulting Inc. July 2026 - Present
AI Marketing and Sales Intern *Vancouver, Canada*

- Initiated and delivered a website migration from a paid AI platform to GitHub, improving cost efficiency and digital operations.
- Developed client-focused marketing materials and sales messaging to strengthen brand positioning and awareness.
- Applied a consulting approach to analyze market trends and competitor positioning, translating findings into data-driven sales and go-to-market recommendations.
- Developed an AI-powered sales outreach workflow using n8n and Gemini to send 50 B2B emails weekly, track responses, and update CRM records to prioritize potential leads.
- Applied Gemini, Claude, Claude Code, and n8n to build multi-step AI marketing workflows, iterate prompts, evaluate output quality, and support engagement, lead generation, and sales.

EXL Service May 2023 - Oct 2025
Premium Auditor *San Jose, USA*

- Delivered 500+ premium audits for 5+ clients with accuracy, resilience, and accountability under pressure.
- Analyzed 941 forms, profit and loss statements, audit worksheets, and supporting records to validate policy charges and identify discrepancies.
- Improved audit efficiency by exercising sound judgment, resolving incomplete data, and coordinating timely collection.
- Produced decision-ready audit reports using proprietary platforms and advanced Excel functions.
- Managed client relationships through professional, respectful, and solution-oriented stakeholder communication.

Northeastern University Jan 2022 - April 2023
Student Proctor *San Jose, CA*

- Supported 10+ professors delivering live remote classes and resolved technical issues under time pressure.
- Monitored virtual presentations and exams, applying sound judgment to maintain stable operations.
- Enforced academic integrity standards across 40+ remote exam sessions with accurate documentation.
- Maintained attendance, grades, and assignment data to support faculty reporting and decisions.
- Communicated technical issues and resolutions clearly, improving the student and instructor experience.

Oil and Natural Gas Corporation (ONGC) Feb 2021 - Apr 2021

Project Management Intern *Delhi, India*

- Contributed to a Systematic Operational Plan that standardized ONGC project management processes.
- Supported planning, scheduling, execution, monitoring, controlling, and project completion activities.
- Analyzed requirements to identify scope constraints, risks, and resource dependencies.
- Reviewed project schedules and critical-path activities to identify potential delivery delays.
- Collaborated across engineering, operations, and management to align diverse stakeholders on deliverables.

All Indian Technical and Management Council (AITMC) May 2020 - July 2020

Social Media Marketing Intern *Gurgaon, India*

- Executed three cross-platform marketing strategies across Facebook, LinkedIn, and Instagram.
- Analyzed engagement metrics and performance data to evaluate campaign effectiveness and results.
- Designed content calendars and repeatable workflows for consistent multi-platform execution.
- Researched competitor strategies to identify market trends, positioning gaps, and differentiation opportunities.
- Strengthened community engagement through responsive moderation and relationship management.

Toshiba Water Solutions Pvt Ltd May 2020 - Jun 2020

Project Management Intern *Gurgaon, India*

- Analyzed project requirements and prepared detailed management documentation for a water treatment plant.
- Collaborated with cross-functional teams to deliver progress updates and status reports to external clients.
- Built project schedules incorporating resource allocation, task dependencies, and vendor requirements.
- Analyzed project spending against budgets and flagged cost variances and efficiency opportunities.
- Documented processes, decision logs, and lessons learned to support continuous improvement and future delivery.
